The Honorable William K. Reilly
Administrator
Environmental Protection Agency
401 M Street
Washington, D. C. 20460

Dear Mr. Reilly:

It has come to my attention that the Environmental Protection Agency is considering permitting the use in this country of a gasoline performance additive known as HiTEC 3000. According to the briefing we have received, this additive seems to play a substantial role in reducing NOx emissions from automobiles.

As air pollution is a major concern to the metro area of Georgia, it is imperative that all options be thoroughly examined as quickly as possible. It is my hope that this additive be given prompt consideration by the Environmental Protection Agency.

Sincerely,

A handwritten signature in cursive script that reads "Hugh M. Gillis, Sr.".

Hugh M. Gillis, Sr.
Chairman
Senate Natural Resources Committee
